

ORDINANCE OF THE BOARD OF ALDERS AMENDING THE ZONING ORDINANCE OF THE CITY OF NEW HAVEN CONCERNING THE RESPONSIBLE AND EQUITABLE REGULATION OF ADULT-USE CANNABIS.

Whereas, on July 1, 2021, the State of Connecticut (State) adopted the Responsible and Equitable Regulation of Adult-Use Cannabis Act (RERACA); and

Whereas, RERACA delegates to the municipalities of the State) to regulate the land use and zoning of adult-use Cannabis establishments including cultivation, processing, manufacturing, distribution, testing and sale of nonmedical marijuana in tandem with a comprehensive system of State licensing and regulatory provisions; and

Whereas, the Board of Alders acknowledges that it is in the best interest of the City of New Haven that all cannabis that is cultivated, processed, manufactured, distributed, tested, or sold in the City of New Haven is well-regulated, environmentally responsible, and economically sustainable; and

Whereas, the Board of Alders seeks to prohibit the commercial cultivation of adult-use cannabis in residential zones and provide locations within commercial and industrial districts where Cannabis may be cultivated, grown, sold, distributed, or dispensed; and

Whereas, the Board of Alders seeks to protect and preserve peace, order, property and safety of persons as a result of issues associated with Cannabis Establishments, including but not limited to problems with insufficient or improper electrical supply, problems with ventilation leading to mold, offensive odors, or other health hazards and other hazards which are associated with the commercial cultivation of Cannabis within the City of New Haven and which is otherwise often difficult to detect and regulate; and

Whereas, the Board of Alders further desires to permit Cannabis Establishments that enhance the aesthetic value of the site; wherein, the proposed will not present a substantial detriment to surrounding area, public health, safety and welfare of the community; and

Whereas, the Board of Alders understands that the social, environmental, economic, and land use impacts of commercial cannabis cultivation, processing, manufacturing, distribution, and testing are no different whether in support of the medicinal or adult use commercial marketplace; and

Whereas, the Board of Alders desires to amend its Zoning Ordinance related to smoking in public places; and

Whereas, the Board of Alders finds that there is indisputable evidence that smoke-free environments are an effective way to protect the population from the effects of exposure to and contact with secondhand smoke; and

Whereas, the Board of Alders sought the City Plan Commission recommendations regarding proposed permitted locations, operational standards, such as, but not limited to, odor, decision making criteria, alignment with the City's comprehensive plan and/or other protocols; and

Whereas, the City Plan Commission conducted its own independent studies and analysis regarding the aforementioned items; and

Whereas, the Board of Alders received and reviewed analysis, data and reports regarding Cannabis Establishments; and

Whereas, a letter submitted by the City Plan Department has requested legislation amending various sections of the Zoning Ordinance of the City of New Haven entitled Zoning Ordinance City of New Haven, Connecticut.

NOW, THEREFORE, THE BOARD OF ALDERS HEREBY FINDS that it is necessary and desirable to protect the public health, safety and environmental resources, ensure safe and equitable access for Cannabis Establishments to foster a healthy, diverse and economically viable adult-use cannabis industry and also to provide fair and equitable regulations in a manner consistent with RECACA and the Comprehensive Plan of Development of 2015.

The Board of Alders Further Finds that the State's adoption of a comprehensive statewide licensing and regulatory policy for Cannabis Establishments permits the City of New Haven to regulate and/or restrict cannabis locations of trade and industries at the local level.

The Board of Alders Further Finds that unlicensed and/or unregulated commercial cultivation of cannabis within the City of New Haven can adversely affect the health, safety, and well-being of residents and the environment. Comprehensive civil regulation of premises used for cannabis cultivation, including zoning regulation, is proper and necessary to reduce the risks of criminal activity, degradation of the natural environment, malodorous smells, and indoor electrical fire hazards that may result from unregulated cannabis cultivation.

The Board of Alders Further Finds that certain plans and planning districts previously approved by the Board of Alders did not contemplate Cannabis Establishments and require additional study prior to permitting Cannabis Establishments in these districts.

The Board of Alders Further Finds that comprehensive regulation of commercial cannabis cultivation and activities related to cannabis commerce is proper and necessary to address the risks and adverse impacts as stated herein.
