

TRAFFIC ADVISORY

STATE STREET LANE CLOSURES

Beginning Tuesday, September 23, the northbound travel lanes of State Street between **Chapel Street** and **Audubon Street** will be permanently **CLOSED** as part of the State Street project.

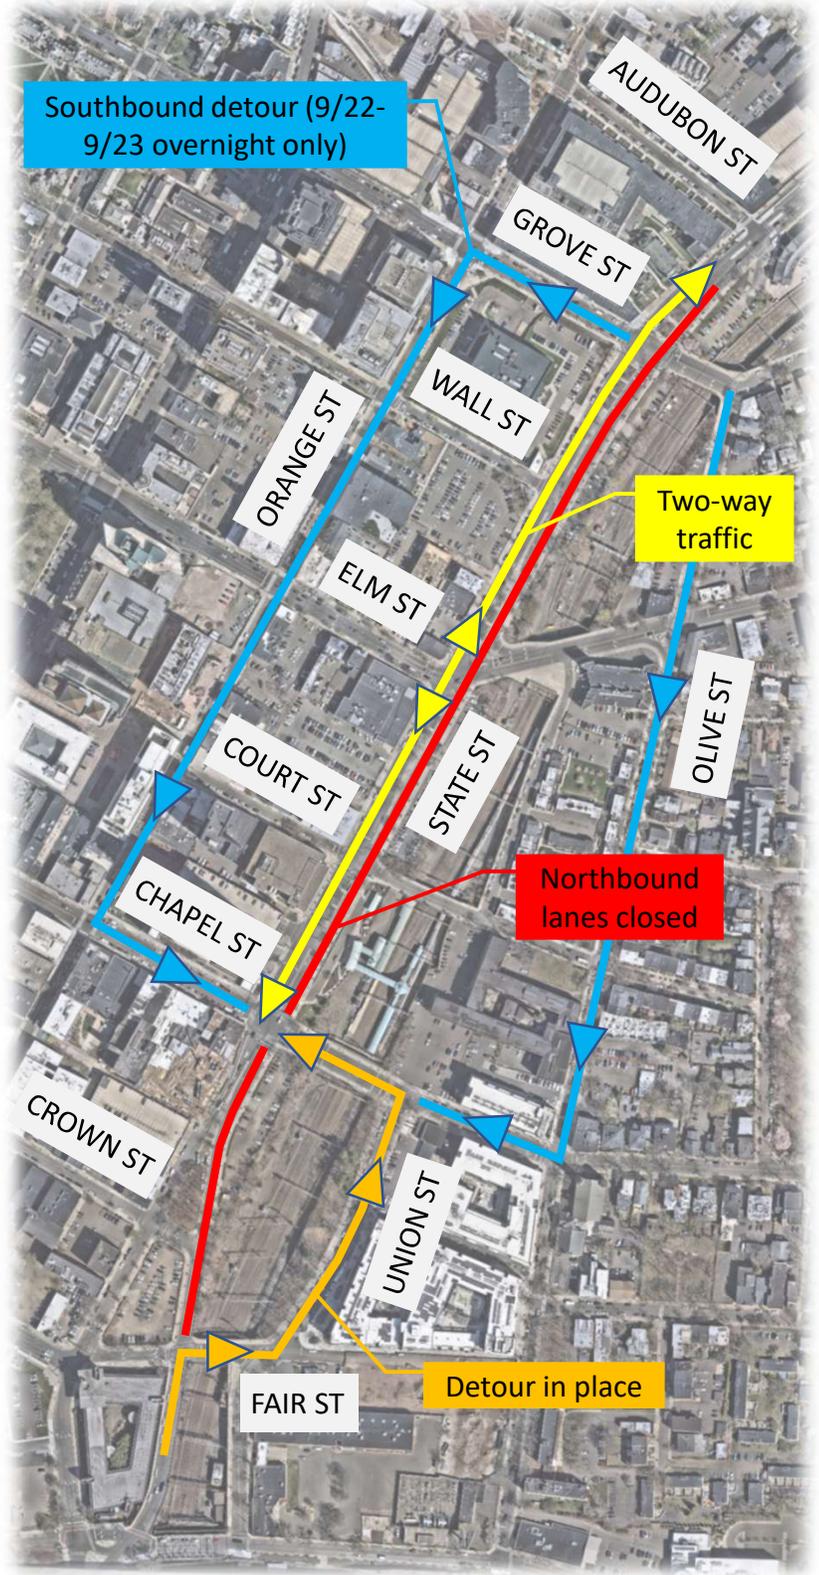

Two-way traffic will be established on the **west side** (southbound side) of the landscaped medians, with one travel lane in each direction. New line striping and temporary traffic signals will be installed and activated overnight.

Southbound State Street traffic will be detoured to Orange Street and Olive Street for the **night of 9/22-9/23 only**, to allow crews to set up the new traffic pattern.

The northbound detour currently in place on State Street North between Fair Street and Chapel Street **will remain active** with no changes.

Access to all adjacent properties and cross streets will be maintained. Please use temporary driveways provided or follow police direction if present.

Traffic delays are to be expected as the community adjusts to the new pattern. Thank you for your patience and cooperation on this major infrastructure project!
